

Shrewd with Food

Recycling & Management

Ward provides a dedicated food waste collection, removal and recycling service for all businesses, across every sector. As part of Simpler Recycling legislation introduced in March 2025 a regular food waste collection is a legal requirement.

Food waste generated by businesses amounts to an estimated 3.1 million tonnes, with a value of over £5.1 billion.

Ward provides an accredited, reliable and efficient food waste management service, delivered at the right price.

Our food waste is recycled and turned into biogas.

Ward is committed to being at the forefront of food waste management in the UK.

Plate scrapings

Egg shells

Fruit and vegetables

Bread and pastries

Dairy

Fish and meat
